

# THE SHEPHERD'S VOICE

January 11, 2019

[www.strobertschoolada.org](http://www.strobertschoolada.org)

## This week at St. Robert...

- We welcomed our students back to school! Boy, did we ever miss them during break!
- I saw students using the smart boards to learn letters, shapes, and do math!
- The teachers attended our school board meeting and shared all of the wonderful things that are happening in their classrooms. They also talked about their hopes and dreams for next year!
- The students reviewed the virtues we have focused on so far and gave examples of how they used them at home over Christmas break. We enjoyed hearing **several** students tell us "While mom was taking a nap, I didn't bother her...that was courtesy."
- We loved hearing parents tell us that their kids were so excited to come to school on Monday they could hardly sleep!
- **#ourstorystartshere**

Have a great weekend!  
Liz

## Updated Parking Lot Procedure

You will notice notice that the orange cones were moved forward to allow you to drive right up to the steps to let your child out of your vehicle.

For those of you that walk your children in please park to the East of the school entrance and walk to the sidewalk away from traffic. Due to safety concerns please do not leave your car running while parked when you bring your child in to school please make sure to turn off the engine. Thank you for your cooperation as we continue to improve our drop off/pick up procedure for the safety of our students!

**Brrrrr  
it's**

Friday.

## Box Tops Classroom Contest!

St. Robert School will start collecting General Foods Box Tops. Please see the link below for more details and a product list.

### [Box Tops Info & Product List](#)

We are holding a contest for the rest of January to see which classroom turns in the most box tops! Send box tops in with your child until January 31st and the classroom with the most will win a prize!

Our Mission at St. Robert Catholic School is to provide a premier Catholic education that empowers every student to develop into the individual God created him/her to be. Our culture is designed to nurture each student's relationship with Christ through a STEM based education."
